Explanation of Responses:

- All options are vested and fully exercisable
- The price of the options disposed is equal to the average closing price of the Company's Common Stock on the New York Stock Exchange over a five-day trading period, less the option exercise price.
- Half of the options granted vested over a four-year time period from the grant date, while the remaining half vest and become exercisable upon achievement of certain performance targets. If such performance targets are not achieved, all unvested options vest and become exercisable on 1/1/2008.
- The vesting of the option grant is subject to accelerated vesting upon the achievement of certain performance targets. If such performance targets are not met, the options cliff vest 90 days prior to the expiration of such options.
- Options vest at a rate of 1/3 per year on the anniversary date of the grant over the next three years.
